

MBF 3C: UNIT 5 – Factoring and Expanding with Quadratics

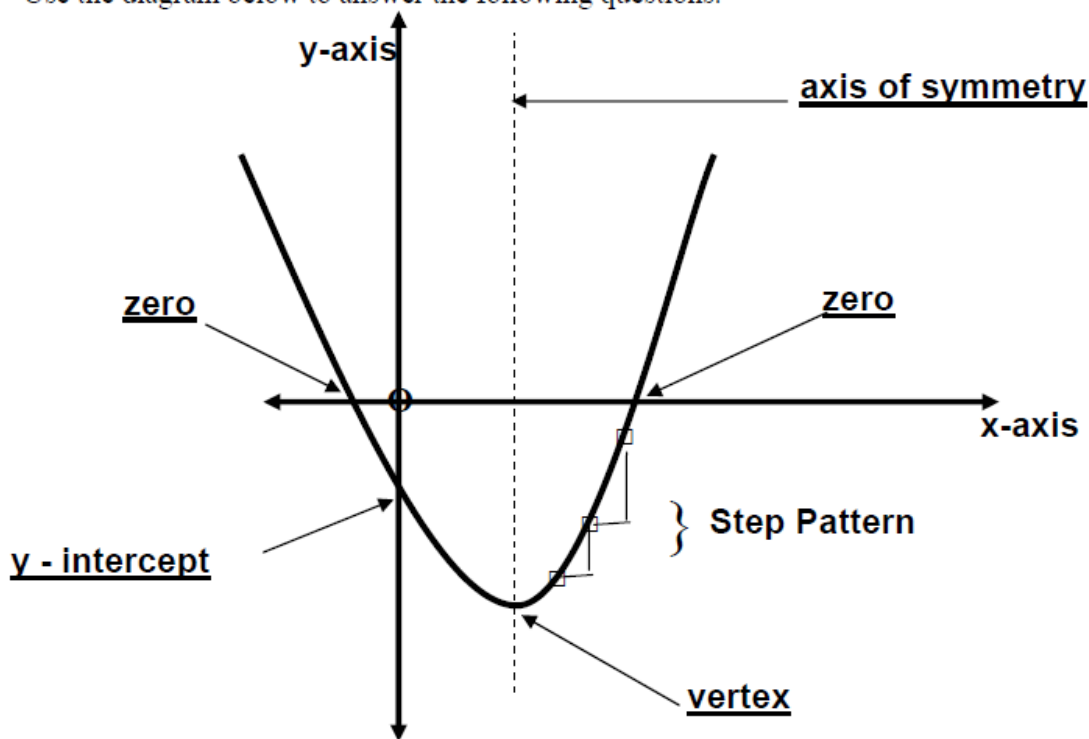

Lesson 9: Summary

MBF3C
BLM4.6.1

Name:
Date:

Summarizing Parabolas

Use the diagram below to answer the following questions.

What are the important parts of the parabola?

What information does each of the following algebraic representations of the parabola give us?

- i) Factored Form ii) Standard Form iii) Vertex Form

What information do you need to graph a parabola?

How do you factor a quadratic expression?

How do you multiply two binomials?
